

Advertising & Promotion Package

Most of us would love to have just a few moments to speak directly with our customers (*and potential customers*) in an environment where they are relaxed, positive, and have little to do but concentrate on our message. . .

WELCOME TO THE PALACE THEATRE!

In the past the theatre has offered a nice package with on-screen advertisements that gave you the opportunity to speak to our customers. ***Now imagine if you could increase the number of exposures, the quality and number of contact points and include a 24/7 presence on Market Street, even when the theatre itself is closed. That's the NEW advertising and promotion package!***

The Theatre Advertising Package features:

- Your message in a PowerPoint format presented on both of our movie theatre screens reaching virtually every one of our customers!
- Your Ad will also be present on our website allowing our customers to link directly to your website for added convenience!
- Using one of your existing publications you can be included on our Advertising Partners Display table which offers a "take away" piece that can reinforce your message long after they have left the theatre.

So what's the cost?

The cost for this package is \$100 per month. There are a limited number of partner slots available so act today!

Yes, I would like to advertise with the Palace Theatre!

Company: _____

Main Contact: _____

Street: _____
